

## Always best guided

We have selected the most beautiful routes for you, taking you (off the "Greater track") to some hidden corners; telling you exciting tales about the pleasant tree-lined route far away, or about that old aban- doned farm-house over there! If it is worthwhile, we shall have organized it for you. We shall always be beside you, especially if you require technical assistance during a bike tour. Our staff is all specially trained.

All of our guides are fully qualified and first-aid trained. We shall take care of everything to ensure that the tour you select is unforgettable.

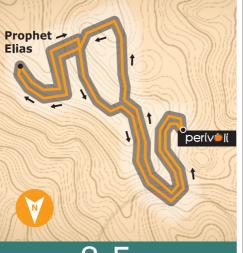

some food (i.e. fruit and dry raisins), adequate water and sun block (especially during the summer months). Trekking boots and/or cycling shoes and hats are essential
